# Investigation 2

## Something in the air – the great wind farm debate

Some people say that wind farms damage the environment; others say they can save it!

The **Wind Energy Association** has a website with lots of facts that could be used in a debate.

http://www.auswea.com.au/WIDP/factsheets.htm

Arrange a debate in class or with friends about this question:

**The gain from wind power outweighs the pain.**
