

ENERGY SAFETY WEEK 2009

*At the Shepparton English Language Centre Outposts -
Wilmot Rd Primary School, Bouchier Street Primary School, St Georges Rd Primary
School and Gowrie Street Primary School, Shepparton*

NEW ARRIVAL ESL STUDENTS IN AUSTRALIA LEARN ABOUT SAFETY

All students in Australia need to learn about safety using gas and electricity. At the Shepparton English Language Centre Outposts, our students are New Arrivals to Australia from countries such as China, India, Afghanistan and Sudan. As part of their English language lessons, we have focussed on safety, with each outpost looking at safety in the kitchen and safety with gas and electricity.

GOWRIE STREET OUTPOST

Nasim shows us the kitchen rules.

Adila knows not to overload power points.

Annas in the home corner.

BOURCHIER STREET PRIMARY SCHOOL

Sally shows off her hard work.

At Gowrie Street, students completed Levels 1 and 2 from the Energy Safety Week Resource Book.

At Bouchier Street, students completed Levels 2 and 4 from the Energy Safety Week Resource Book.

WILMOT ROAD PRIMARY SCHOOL

Students at Wilmot Road participated in many of the activities from the Energy Safety Week resource book.

Bright, colourful posters adorn the classroom walls about safety.

ST GEORGES ROAD PRIMARY SCHOOL

Our new arrivals at St Georges Road enjoy cooking once a week.

As part of Energy Safety Week, students increased their focus on safety in the kitchen, looking at the safe use of appliances.

✘ THANK YOU

- ✘ Thanks to the resources supplied by Origin Energy we have been able to enhance our term theme of Safety by including Energy Safety Week.
- ✘ These resources enabled the outpost schools to provide productive, informative and most of all, enjoyable classroom activities.
