

Gas connection appliance checklist

Use this checklist to tell us what gas appliances will be connected at your property.

You or your plumber need to fill out this checklist and attach it to your gas service line installation request (don't forget to scan both sides of all your paperwork before you return it to us).

First, answer the questions below. Then, turn over to provide the number of appliances you're connecting and their approximate MJH (mega joule per hour – the amount of gas the appliance will use). Your plumber can help you with this information.

1. Property details

Lot Level Unit no.
Street no. Street
Suburb
State Postcode

If this is a block of units?

Yes No

2. For commercial, small business customers or blocks of units only

Please provide the gas pressure for the site:

1.1 2.75 4 5 7 10

Other, please provide:

3. For residential customers

Please speak to your plumber or network distributor to determine the available pressure for your site. Origin will not be responsible if the plumber uses the wrong pressure.

Please provide the gas pressure for the site:

1.1 2.75

4. Details of person completing this form

Title

First name

Last name

Signature

Date / /

5. Your privacy

To find out more about how Origin collects, uses, holds and discloses your personal and credit information see our privacy and credit reporting statements at originenergy.com.au/privacy. Our credit reporting statement explains who we disclose credit information to (including service providers overseas) and how this could affect your creditworthiness, as well as how you can access, correct or complain about it. Please contact us to request a paper copy. If you provide us with personal information about another person, please make sure you tell them their information has been provided to us and tell them about our privacy statements.

6. Need help?

If you're unsure how to fill in your appliance checklist, speak with your plumber who may be able to help.

We may also be able to provide guidance on the load (MJH) for a number of standard appliances. Email us at gasconnectionrequests@originenergy.com.au or just give us a call on 1300 132 480 – we're always happy to help.
