Other important information**Key terminology**

Daily supply charge	A charge that applies for supplying electricity to your premises for each day of the billing period, regardless of how much electricity you use.
kWh	A 'kWh' stands for kilowatt hour and is the unit of measurement for your electricity usage charges.
Feed-in tariff	A feed-in tariff is a cents per kWh rate paid for electricity fed back into the electricity grid by a solar PV system.

Discounts

Discounts	Discounts apply to the GST exclusive usage charges only (off our published Origin Supply usage charges, which can be found on our website), and are only available to customers signing up to this offer from the above effective date.
Guaranteed Discount	A 10% discount on the GST exclusive usage charges listed above will apply for the benefit period.

Price changes

Charges may vary	We may vary the Charges (including the amount, nature and structure of any of the charges) by notice to you at any time. The notice could take the form of a message on your bill and will specify the effective date of the variation.

ELECTRICITY

NSW RESIDENTIAL Energy Price Fact Sheet Solar Boost (Market Offer)

Endeavour Energy Distribution Zone

Contract details

Cooling off period	You may cancel this contract at any time during the 10 business day cooling off period.
Terms and conditions	Offer may not be available in all areas. Call us to find out more. For full terms and conditions, visit www.originenergy.com.au/2889/Terms-and-conditions .
Eligibility	The offer set out in this Energy Price Fact Sheet is only available to residential electricity customers who consume less than 100 MWhs/annum of electricity in the relevant distributor area with the necessary metering system/configuration. To be eligible for this offer your solar PV system must be net metered and must not be larger than 10kW, and you must not be receiving a feed-in tariff under any Government scheme. If you remove your solar PV system from the supply address during the benefit period the offer will continue but you won't receive the feed-in tariff.

Fees

Additional fees	For information on additional charges that may apply visit www.originenergy.com.au/2402/Additional-charges .
Over the counter payment fee	\$2.00 (GST Incl) for over the counter payments at Australia Post.
Card payment fee	A 0.37% fee (GST Incl) may apply to payments made by VISA or MasterCard.
Late payment fee	A fee of \$12.00 (GST exempt) may apply if your bill is not paid by the due date. A late payment fee may not apply depending on your circumstances.
Disconnection fee	A \$39.08 (GST Incl) fee may apply when your property is disconnected (including when you move). This fee is passed through from your distributor and may vary. Please visit your distributor's website to find out the current fee.
Reconnection fee	A \$39.08 (GST Incl) fee may apply when your property is reconnected (including when you move). This fee is passed through from your distributor and may vary. Please visit your distributor's website to find out the current fee.
Distributor charges	You must pay us any charges that your distributor imposes on us in relation to the services performed by your distributor (or any other person) at your supply address.
Paper Bill Fee	\$1.75 (incl GST) applies for each paper bill.

Solar feed-in tariffs

Solar feed-in tariffs	For the 12 month benefit period you'll receive a total feed-in tariff of 10 cents per kWh for every kWh of electricity exported to the grid. When the benefit period ends you'll receive our standard retailer feed-in tariff available at the time your benefit period ends as published on our website. Origin currently offers a standard retailer feed-in tariff of 6 cents per kWh exported which is subject to change at any time. All amounts are GST-inclusive (if any).
