Other important information**Key terminology**

Daily supply charge	Charge that applies for supplying electricity to your premises for each day of the billing period, regardless of how much electricity you use.
kWh	'kWh' stands for kilowatt hour and is the unit of measurement for your electricity usage charges.
Solar Meter Charge	Charge will apply if you have a Solar PV system installed at your premises. This fee is passed through from your distributor and may vary.

Price changes

Charges may vary	We may vary our standing offer charges not more than once every 6 months. We will write to you detailing any increase in your charges as well as publishing variations in a newspaper and on our website, at least 10 business days before these start. We will also include details with your next bill if the variation affects you.
