

APPLICATION TO INSTALL AN ELECTRICITY METER

Use this form to request an electricity meter installation and National Meter Identifier (NMI) allocation for a property in New South Wales or the Australian Capital Territory.

If you've signed a Multiple Site Agreement (MSA) with us and you're setting up this account in your company name, complete all sections of this form. And if you haven't signed an MSA, complete this form and the **Request for a new energy account form** available at originenergy.com.au/buildingindustry

Email your completed form(s) to newconnections@originenergy.com.au – just remember to scan both sides.

1. PROPERTY DETAILS

Lot Level Unit no. Street no. Street

Phase 1 2 3 Amps per phase
Tariff type Time of Use Flat Rate Two Rate
Nominate all off-peak installations at the site Hot water Floor heating
Other
Is solar installed at the site? Yes No Size of solar system kW

3. FEES AND PROPERTY ACCESS

New connection fees

In NSW, a fee for a NMI allocation may be up to \$80. Please note this fee is charged by the distributor and passed on by us. The fees are current as at 1 July 2017 and do change from time to time. You can find more details on these fees at originenergy.com.au/meterfees

Access to the property

To get your new connection set up, you'll need to give us clear and safe access to the property. Just so you know, if we don't have this, we'll need to reschedule the work for another day and additional fees may apply.

4. PROCESS AND TIMINGS

To find out what you need to know about installing an electricity meter at a property, head to originenergy.com.au/buildingindustry then click the **Electrician** link. From there, click the **NSW** or the **ACT** tab to get the details.

5. ELECTRICIAN'S DETAILS
