

## Electricity – New South Wales Charges

The Australian Energy Regulator recently approved the submission by all three NSW Electricity Distributors for changes to their Service Charges.

Below are the NMI Allocation charges and Final Read/Move Out charges that apply from 1 July 2016.

### NMI Allocation Fees

Distributor	Description	Fee (GST Exclusive)	Fee (GST Inclusive)
Endeavour Energy	NMI Allocation	\$38.11	\$41.91
Essential Energy	NMI Allocation	\$70.99	\$78.09
Ausgrid	NMI Allocation	\$55.70	\$61.27

### Final Read Fees

Distributor	Description	Fee (GST Exclusive)	Fee (GST Inclusive)
Endeavour Energy	De-Energisation/Move Out	\$35.53	\$39.08
Essential Energy	De-Energisation/Move Out	\$82.74	\$91.01
Ausgrid	De-Energisation/Move Out	\$10.30	\$11.33

You'll also find the complete pricing update and new Request for Energy Supply forms available on our building industry website at [originenergy.com.au/buildingindustry](http://originenergy.com.au/buildingindustry)

New forms are also available through Origin's Connect Assist Electronic Portal from 1 July 2016.

### Important information: Using the new forms

It's important to change over your stock of forms and commence using the new one as soon as possible.

- As a standard, any new Forms (stock code: 9211.Jul16.All) will need to be signed after 1 July.
- Old forms (stock code: 8840.Jan16.All) will continue to be accepted as long as they are signed before 1 July.
- To help with the change over, we have a special grace period of three months where we'll accept old forms signed between 1 July and November 2016. If the old version of the form is signed after 1 November 2016 we won't be able to accept them and your connections may be delayed if you use them.
