

Origin's payment assistance options

Helping our Victorian customers stay on top of their energy bills

Having trouble paying your bill?

If you're a Victorian residential customer facing financial difficulty, we offer a range of assistance options to help you pay your bills. So, have a read through this brochure, and let us know within six business days if you'd like to take up one of these options.

Some ways we can help

We can give you advice about:

- payment plans that can incorporate both your current debt and your ongoing energy usage for up to two years
- the likely cost of your future energy use and how you can reduce this over time
- other assistance available through the government that can help you meet your energy costs (such as Utility Relief Grants and concession rebates)
- practical assistance to help you lower your energy costs, including
 - recommendations on the right plan for your circumstances – taking into account your usage history (if available), plus
 - energy efficiency tips to help lower your usage, and how best to monitor and keep track of your energy usage – for example using My Account, our online portal.

Setting up a payment plan

To help you manage your ongoing usage costs and any debt you owe, you're entitled to set up payment arrangements:

- of equal amounts over regular periods such as weekly, fortnightly or monthly payments
- that incorporate the arrears owing on your account so your debt is fully paid within two years of your first payment
- that provide for payments covering both usage and arrears
- that are based on a reasonable forecast of your energy usage over the next 12 months.

Once you've set up or revised a payment plan, we'll send you a schedule of payments showing:

- the total number of payments you need to make to finish paying off the arrears on your account
- the period of time over which your payments are to be made
- the amount and due date of each payment.

If you don't make a payment by its due date, we'll get in contact with you about options to revise your payment plan or how else we can help you get back on track.

Need something more?

If you can't pay the full cost of your ongoing energy usage, we can put your debt on hold so you don't need to make any payments on it for six months. We can also let you pay less than your ongoing usage – while you find ways to use less energy. After this six month period, we'll review your progress and continue to work with you to pay your ongoing bills and help reduce your costs.

Home energy advice

You may be eligible for a free energy efficiency consultation – either in your home or over the phone, whichever is easier for you. You can get advice that’s specifically tailored to the way you use energy in your home – from the sort of appliances you use to the layout of your home, helping you identify ways to lower your energy bills.

Government programs & concessions

If you meet certain criteria, you might be able to access government grant programs. These provide a range of financial assistance to people having difficulty paying their energy accounts. You can find details about this assistance on the Department of Health and Human Services (DHHS) website – <https://services.dhhs.vic.gov.au/concessions-and-benefits>.

Financial counselling

We can help refer you to a free accredited financial counsellor in your area.

Get in touch

The sooner we can talk to any of our customers having trouble paying their energy bills, the better. So, if you need help, give us a call on **13 24 61**.
