

Corporate Governance Statement

For the year ended 30 June 2021

This statement has been approved by the Board and summarises the Company's governance practices that were in place throughout the financial year ended 30 June 2021. During the financial year and to the date of this Report, Origin has complied with all ASX Principles and Recommendations.

People and culture

Purpose, values and behaviours

Origin's purpose, "Getting energy right for our customers, communities and planet" is supported by five values:

1. Work as one team, one Origin.
2. Be the customer champion.
3. Care about our impact.
4. Find a better way.
5. Being accountable.

Behaviours, linked to each value, set expectations for how Origin asks its people to work every day and with each other.

Policies

Origin has a number of policies that set out conduct expectations and decision-making rights across the Group.

Code of Conduct

Origin's Code of Conduct is based on our purpose and values, and outlines how all directors, employees and other persons who act on behalf of Origin are expected to care for our people, business and reputation, and to perform their job in line with high ethical standards and applicable legal requirements.

During FY2021 we refreshed our Code of Conduct, which outlines five key principles in making the right choices in how we act, solve problems and make decisions. A new suite of innovative online training was also launched to enhance the knowledge of our people while improving employee experience.

The Board, through the Remuneration and People Committee, is informed of any material breaches of the Code of Conduct and the consequences.

The Code of Conduct is available on Origin's website.

Reporting and escalating concerns

Origin is committed to a culture that encourages our people and others to speak up about issues or conduct that concerns them.

Origin has a whistleblower policy for individuals to report any instance or suspicion of misconduct, or an improper state of affairs or circumstances involving our businesses, and provides protections and measures so that those who make a report may do so confidentially and without fear of reprisal, victimisation or detriment. Individuals may report their concerns either through their manager, People & Culture, nominated officers within the Group or an independent external reporting service where the person may remain completely anonymous.

The Board, through the Risk Committee, is informed of any material incidents raised under the Whistleblower Policy.

Origin will protect any person who makes a disclosure from detrimental conduct or the threat of detrimental conduct, as well as protect their identity.

The Whistleblower Policy is available on Origin's website.

Anti-bribery and facilitation payments

Origin has zero appetite for unacceptable behaviour in relation to bribery and corrupt business practices, and will comply with the laws of the jurisdictions in which we operate. Origin prohibits the offer, payment, solicitation or acceptance of bribes, improper benefits and facilitation payments in any form, including through third parties, agents or representatives.

Origin also has controls over the provision of gifts and gratuities, both directly and indirectly, to public officials or relatives or associates of public officials. The giving or receiving of gifts or hospitality is prohibited in all circumstances that may be regarded as compromising personal judgement or the judgement of others, or conflicts in any way with Origin's purpose, values and behaviours.

The Board, through the Risk Committee, is informed of any material breaches of the Anti-bribery and Corruption Policy.

The Anti-bribery and Corruption Policy is available on Origin's website.

Dealing in Securities Policy

Origin's Dealing in Securities Policy prohibits Origin and its personnel from dealing in the securities of Origin or other companies in a way that breaches the law prohibiting insider trading, harms Origin's reputation or compromises confidence in Origin's practices in relation to securities dealings. It precludes any Origin personnel from engaging in short-term dealings in the Company's securities. The policy also states

that margin loans should not be entered into if they could cause a dealing that requires, or allows for, Origin securities to be disposed of at a time that would be a breach of the policy, or is in breach of the general insider trading provisions of the *Corporations Act 2001 (Cth)*.

Origin personnel are also prohibited from entering into hedging transactions that operate to limit the economic risk of any of their unvested equity-based incentives.

The Dealing in Securities Policy is available on Origin's website.

Diversity

Origin believes that a commitment to diversity and inclusion is key to attracting, retaining and motivating employees in a competitive market for skills and talent. Origin's people policies and practices are aimed at promoting diversity and inclusion, embracing differences and eliminating unconscious biases.

Origin's Diversity and Inclusion Policy applies to all aspects of employment, including recruitment, selection, promotion, training, remuneration benefits and performance management. There are also procedures in place to prevent and eliminate unlawful discrimination and harassment.

The Diversity and Inclusion Policy is available on Origin's website, and detailed performance data can be found in our annual Sustainability Report.

Gender diversity

The Board and the Remuneration and People Committee oversee Origin's strategies and performance on gender diversity, including monitoring the performance and effectiveness of initiatives to improve diversity, in particular from the twin perspectives of gender balance and gender pay equity.

Gender balance in Origin leadership

Origin's gender balance in leadership positions is summarised in the table below, showing significant increases in female representation over the last five years, especially at the Board and top two levels of executive management.

Cohort	Female representation at year end (%)				
	FY17	FY18	FY19	FY20	FY21
Board ¹	25.0	25.0	22.2	22.2	30.0
CEO Level-1 ²	11.1	20.0	25.0	33.3	33.3
CEO Level-2 ³	26.2	33.8	40.6	43.9	42.9
Senior Leaders ⁴	34.0	34.2	34.4	33.9	34.6

- 1 Board includes Executive and Non Executive directors.
- 2 CEO Level-1 represents the CEO and executives reporting directly to the CEO. Prior year numbers have been restated to include the CEO, in line with market practice and consistency with Chief Executive Women guidance and 40:40 Vision definitions, and to align with reporting lines as at 30 June in each year.
- 3 CEO Level-2 includes roles directly reporting to CEO Level-1.
- 4 Senior Leaders captures the three reporting levels below CEO and includes roles with base salaries exceeding approximately \$200,000 per annum.

Gender balance targets

At the Board level, our initial target had been to achieve 40% female representation by 2020. At the end of FY2021 the level was 30%, and we now expect to achieve 40% representation by or before FY2024. At management level, our FY2021 gender balance target was to increase the proportion of women in senior roles¹ to 33 per cent. This target was achieved at 33.2 per cent. Additional targets in FY2021 included a female appointment rate of 50 per cent to senior roles (41.8 per cent in FY2021), and to improve the female retention rate of women in senior roles to 89 per cent per annum (92.3 per cent in FY2021).

We will continue to measure the number of women in senior roles. However, going forward we are focusing on a smaller cohort of Senior Leaders when measuring diversity performance to align with industry standards.

In July 2021, Origin became a signatory to *40:40 Vision*, an investor-led initiative targeting gender balance in executive leadership (CEO Level-1) by 2030. The initiative defines “gender balance” as a representation of 40 per cent male, 40 per cent female, and 20 per cent of any gender. It also requires interim targets in 2023 and 2027 to demonstrate the pathway to achieving the 2030 target.

Our new gender balance targets have been harmonised and linked with our *40:40 Vision* commitments, such that we aim to have a 40:40:20 balance across all four of our senior leadership cohorts by the end of FY2030, and generally by the end of

FY2027. At the end of FY2021, Origin was above 40 per cent female representation within the CEO Level-2 cohort.

The bar graph below shows Origin’s actual performance to date, our trajectory and target ranges for FY2023 and FY2027, and our target to have all four cohorts with a minimum 40 per cent female representation by the end of FY2030.

Gender pay equity targets

Origin monitors gender pay equity on two bases. The Gender Pay Gap (GPG) is measured across the whole workforce and compares average full-time female base salaries with average full-time male base salaries, and is a measure recognised by the Workplace Gender Equality Agency (WGEA) and other bodies. The Equal-pay-for-equal-work gap (EPG) measures average salaries by gender in like-for-like roles, where the Korn Ferry-Hay job evaluation methodology is used to define equivalent-sized jobs.

We aim to reduce our GPG year-on-year and remain below the Australian workforce

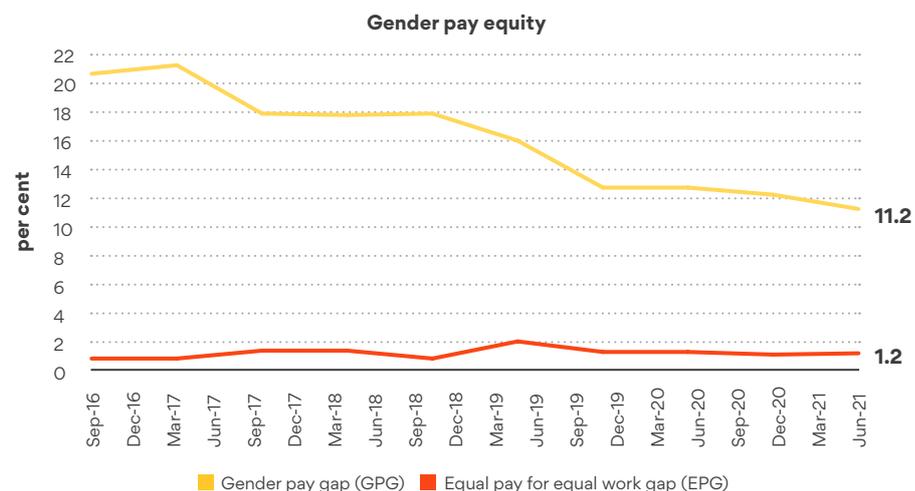

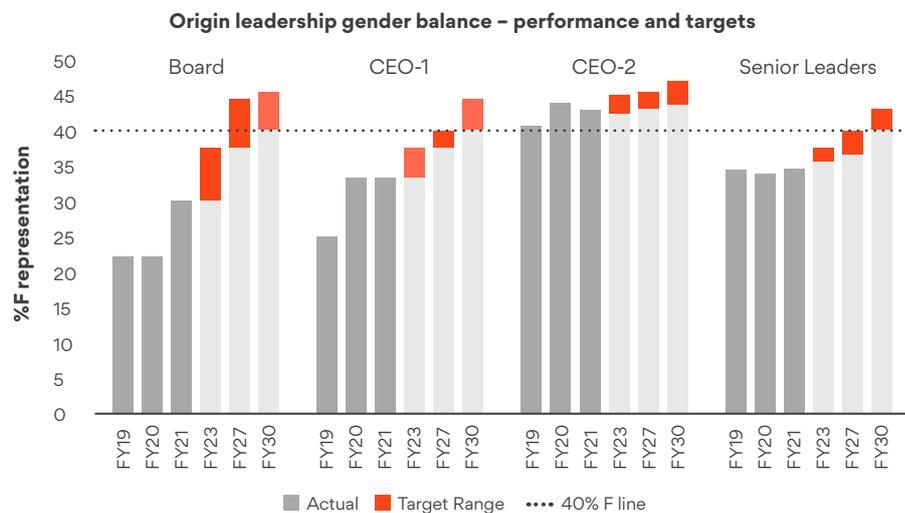

average (as reported by WGEA). Our EPG target is to maintain any gap below one per cent.

The line graph below shows our performance over the last five years. Our GPG has reduced from above 20 per cent to 11.2 per cent at the end of FY2021, and is below the Australian average of 13.4 per cent (as reported by WGEA in February 2021). Across that period, our EPG has generally been maintained close to or below one per cent (1.2 per cent at the end of FY2021).

Remuneration

The Remuneration Report sets out details of the Company’s policies and practices for remunerating Directors, key management personnel and employees. It also sets out the Remuneration and People Committee’s activities.

The remuneration of Non-executive Directors (NEDs) is structured separately from that of the Executive Directors and senior executives.

¹ Senior roles in FY2021 and prior years represented a different and larger cohort to the senior leader category, with a lower base salary equivalent to approximately \$150,000.

Board and Committees

Board composition, independence and skills

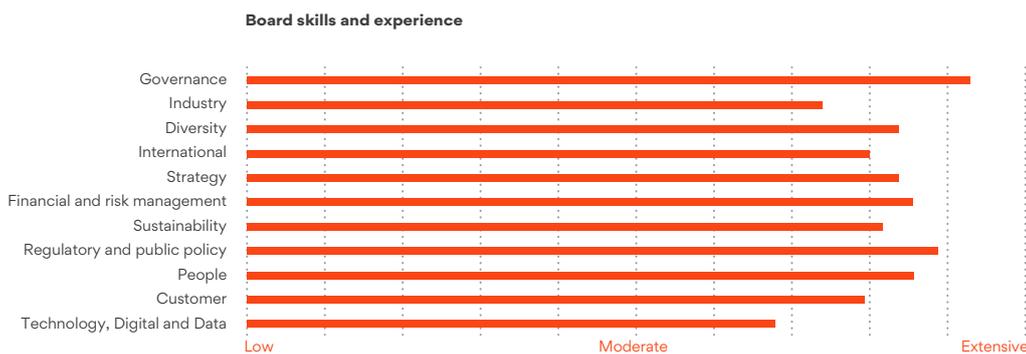

The Board’s size and composition is determined by the Directors, within limits set by Origin’s Constitution, which requires a Board of between five and 12 Directors. The composition of the Board shall:

- take into account the needs of the Company, including diversity in all respects;
- be of an appropriate size; and
- collectively have the skills, commitment and knowledge of the Company and the industry in which it operates, to enable it to discharge its duties effectively and to add value.

Directors’ names, tenure, profiles and details of their skills, experience and special expertise are set out in the Directors’ Report.

The Company’s policy on the Independence of Directors requires that the Board is comprised of a majority of independent Directors. The Board reviews each Director’s independence annually. At its review for the FY2021 reporting period, the Board formed the view that all NEDs were independent. In defining the characteristics of an independent Director, the Board uses the ASX Principles and Recommendations, together with its own considerations of the Company’s operations and businesses and appropriate materiality thresholds. The Independence of Directors Policy, which is part of the Board Charter, is available on the Company’s website.

The Board reviews the skills matrix periodically to ensure it covers the skills needed to address existing and emerging business, and governance issues relevant to the entity. Together, the Directors contribute the following key skills and experience.

Skills and experience

Governance

A commitment to and experience in setting best practice corporate governance policies, practices and standards. Ability to assess the effectiveness of senior management.

Industry

Experience in the energy or oil and gas industry, or upstream or integrated exploration and production company, including in-depth knowledge of the Company’s strategy, markets, competitors, operational issues, technology and regulatory concerns. This includes advisory roles for these industries.

Diversity

Diversity in gender, background, geographic origin and experience (industry and public, private and non-profit sectors).

International

Exposure to international regions, either through experience working in an

organisation with global operations or through management of international stakeholder relationships. Understanding of different cultural, political, regulatory and business requirements.

Strategy

Senior executive and directorship experience, dealing with complex business models and projects. Experience in developing, setting and executing strategic direction and driving growth.

Financial and risk management

Senior executive experience in financial accounting and reporting, corporate finance, risk and internal controls. Experience in anticipating and evaluating risks that could impact the business and recognising and managing these risks through sound risk governance policies and frameworks.

Sustainability

Experience in programs implementing health, safety and environment, including mental health and physical wellbeing.

Ability to identify economically, socially and environmentally sustainable developments and to set and monitor sustainability aspirations, including relating to climate change.

Regulatory and public policy

Experience in the identification and resolution of legal and regulatory issues. Experience in public and regulatory policy, including how it affects corporations.

People

Experience in building workforce capability, setting a remuneration framework that attracts and retains high-calibre executives, and in promoting diversity and inclusion.

Customer

Experience in industries with a high degree of customer-centricity.

Technical, digital and data

Background in an industry that has faced significant disruptive change.

Roles and responsibilities

The Board's roles and responsibilities are formalised in a Board Charter, which is available on the Company's website. The Charter sets out those functions that are delegated to management and those that are reserved for the Board.

The Board selects and appoints the Chairman from the independent Directors. The Chairman, Mr Perkins, is independent and his role and responsibilities are separate from those of the Managing Director & Chief Executive Officer (CEO).

The Company Secretary is accountable directly to the Board, through the Chairman, on all matters to do with the proper functioning of the Board.

Prior to joining Origin, Directors and senior executives are provided with letters of appointment or service agreements, together with key Company documents and information, setting out their term of office, duties, rights and responsibilities, entitlements on termination, and the requirement to notify the Company of, or to seek the Company's approval before accepting any new role that could impact upon the time commitment expected of the Director or give rise to a conflict of interest. Directors are also asked to specifically acknowledge to Origin that they will have sufficient time to fulfil their responsibilities as a director.

Board and senior executive appointment and re-election

Prior to considering the appointment of a new Director, the Nomination Committee evaluates the balance of skills, knowledge, experience, independence and diversity on the Board, and identifies the appropriate capabilities required based on that assessment. If these criteria are met and the Board appoints the candidate as a Director, that Director will stand for election by shareholders at the following Annual General Meeting (AGM).

Before a Director is appointed, Origin undertakes appropriate evaluations. These include independent checks of a candidate's character, experience, education, criminal record, bankruptcy history, and any other factors that would affect the Company's or the individual's reputation.

Prior to the engagement of senior executives, appropriate background checks are also carried out, in accordance with Origin's recruitment policies.

Each year, the performance of the Directors retiring by rotation and seeking re-election under the Constitution is reviewed by the Nomination Committee (other than the

relevant Director), the results of which form the basis of the Board's recommendation to shareholders. The review considers a Director's expertise, skill and experience, along with his or her understanding of the Company's business, preparation for meetings, relationships with other Directors and management, awareness of ethical and governance issues, independence of thought and overall contribution.

Where a candidate is standing for election or re-election as Director, the notice of meeting will set out information on the candidate, including biographical details, qualifications and experience, independence status, outside interests and the recommendation of the rest of the Board on the resolution.

Where relevant, it will confirm that the Company has conducted appropriate checks into the candidate's background and experience and will advise if those checks had revealed any information of concern.

Director induction and professional development

New Directors undertake induction training, tailored to their existing skills, knowledge and experience on Origin's strategy, structure, operations, culture and key risks. New Directors are provided with copies of Origin's key governance documents and policies and participate in comprehensive briefings with the Chairman of the Board, chairs of each Board committee, the CEO and the Executive Leadership Team (ELT), the Company Secretary, and the internal and external auditor. New Directors also undertake visits to Origin's major sites.

Directors receive continuing professional education through ongoing briefings and workshops on industry, regulatory or other relevant topics, and attend industry or governance conferences to deal with new emerging business and governance issues.

Performance review

Each year, the Directors review the performance of the whole Board, Board committees and individual Directors. This year, a review was undertaken with assistance from an external consultant. This covered the Board and committees' activities and work program, time commitments, meeting efficiency and Board contribution to Company strategy, monitoring, compliance and the governance processes that support the Board. The whole Board discussed the results of the review and initiatives to improve or enhance Board performance and effectiveness were considered and recommended. Individual

Director feedback was discussed directly between that Director and the Chairman. The Chairman's performance feedback is shared with the Board for discussion.

The performance of all key executives, including the CEO, is reviewed annually against:

- a set of personal financial and non-financial goals;
- Company and business unit-specific goals; and
- adherence to the Company's culture and standards of behaviour.

The Remuneration and People Committee and the Board consider the performance of the CEO and all members of the ELT when deciding whether to award performance-related remuneration through short-term and long-term incentives for the year completed and when assessing fixed remuneration for future periods. As part of that review, the Committee receives formal certification from the General Counsel and Executive General Manager responsible for internal audit and risk and the Executive General Manager of People and Culture, on each ELT member's performance in the areas of legal and compliance, audit and risk, and safety and people. The Committee also receives feedback from the Chairs of the Audit and Risk Committees on matters within each ELT member's relevant business or function that the Committee and Board may consider when exercising discretion in determining individual incentive outcomes. Further information on the outcomes of the FY2021 assessment of executive remuneration is set out in the Remuneration Report.

Board committees

Five committees assist the Board in executing its duties. Each committee has its own charter, setting out its role, responsibilities, composition, structure, membership requirements and operation. These are available on the Company's website. From time to time, other special committees are convened to assist the Board with particular matters or to exercise the delegated authority of the Board. Each committee's chairman reports to the Board on the committee's deliberations at the following Board meeting where the committee meeting minutes are also tabled. All Directors have access to committee papers and may attend committee meetings unless there is a conflict of interest.

The members of each committee and their attendance at Board and committee meetings during FY2021 is set out in the Directors' Report.

1 To be renamed Sustainability and Safety Committee in FY2022.

During FY2021, the Board reviewed the roles and responsibilities of the Board and its committees, in particular the Board's oversight of sustainability-related matters, including climate change. In FY2022, the scope of the HSE Committee will be expanded to include sustainability matters, including climate change, and the Committee will be renamed the Sustainability and Safety Committee. The proposed structure is consistent with market-leading approaches, and the Committee will have oversight and responsibility for emerging and strategic sustainability-related risks as well as its existing HSE remit.

Board and committee meetings

In FY2021, the Board held nine scheduled meetings, including an annual strategic review, one scheduled workshop and ten additional meetings to deal with urgent matters. In addition, the Board conducted in-person and virtual visits of Company operations at various sites and met (in

person and virtually) with operational management during the year.

From time to time, the Board delegates its authority to non-standing committees of Directors to consider matters of particular relevance or urgency. In the 12 months to 30 June 2021, four such additional Board committee meetings were held.

At Board meetings, Directors receive reports from executive management on financial and operational performance, risk, strategy, people, HSE and major projects or initiatives in which Origin is involved. In addition, the Directors receive reports from Board committees and, as appropriate, presentations on opportunities and risks for the Company.

NEDs also meet without the presence of the CEO or other management to address such matters as succession planning, key strategic issues, and Board operation and effectiveness.

Access to advice and information

All Directors have access to Company employees, advisors and records.

In carrying out their duties and responsibilities, Directors have access to advice and counsel from the Chairman and the Company Secretary and are able to seek independent professional advice at the Company's expense, after consultation with the Chairman.

Shareholders

Disclosure

Origin has adopted policies and procedures designed to ensure compliance with its continuous disclosure obligations under ASX Listing Rule 3.1 and make senior management and the Board accountable for that compliance. The Continuous Disclosure Policy is available on the Company's website.

All material matters are disclosed immediately to the stock exchanges on which Origin's securities are listed (and subsequently to the media, where relevant), as required by the relevant listing rules. All material investor presentations are released to the stock exchanges and are posted on the Company's website. Other reports or media statements that do not contain price-sensitive information are included on the Company's website. Shareholders can subscribe to an email notification service and receive notice of any stock exchange announcements released by the Company. The Board receives copies of all material market announcements promptly after they have been made.

Origin also provides periodic disclosure that keeps the market informed, including quarterly releases and half and full year reports to shareholders.

Origin also participates in industry conferences and hosts investor briefings. Copies of presentation materials of any new and substantive investor or analyst presentations are released to the stock exchanges ahead of the presentation.

Investor relations

Origin has a wide stakeholder engagement program and a dedicated investor relations function to facilitate effective two-way communication with investors. The Company participates in regular surveys to garner feedback from investors on how this function is performing and can be improved. The Chairman and the Chairman of the Remuneration and People Committee meet with investors and proxy advisors twice a year.

Website and electronic communications

Origin respects the rights of its shareholders and has adopted policies to facilitate the effective exercise of those rights through participation at general meetings and provision of information about Origin and its operations.

All communications from, and most communications to, Origin's share registry are available electronically, and

shareholders are encouraged to take up the option of e-communications.

Shareholders can review the financial and non-financial performance of Origin via a half-year report, annual report, sustainability report, investor presentations and annual general meeting materials. These reports are also available on the ASX and on Origin's website. Shareholders may also request hard copies.

Origin's website contains a list of key dates and all recent announcements, presentations, past and current company reports and notices of meetings. Shareholder meetings and results announcements are webcast and an archive of these meetings is published on the Company's website.

Annual General Meeting

Origin encourages shareholders to attend and participate in its AGM in person, by proxy or attorney, or by other means adopted by the Board. At the AGM, the Chairman allows a reasonable opportunity for shareholders to ask questions of the Board and the external auditors.

The external auditor attends the Company's AGM and is available to answer questions from shareholders relevant to the audit. Shareholders who are unable to attend the AGM can view a webcast of the meeting on the Company's website.

All resolutions at an Origin's meeting of shareholders are decided by a poll rather than by a show of hands.

Risk and assurance

Risk framework

Origin's approach to risk management aims to embed a risk-aware culture in all decision-making and to manage risk in a proactive and effective manner. The Board has an overarching policy governing the Company's approach to risk oversight and management, and internal control systems. This policy and further information on Origin's approach to managing its material risks is available on the Company's website.

The Company's risk policies are designed to identify, assess, manage and monitor strategic, operational, financial and project risks, and mitigate the impact in the event that they materialise. The Board has also approved policies for hedging interest rates, foreign exchange rates and commodities. Certain risks are covered by insurance.

Management is responsible for the design and implementation of the risk management and internal control systems to manage the Company's risks. Management reports to the Risk Committee on how material risks are being managed

and the effectiveness of controls in place to mitigate those risks.

The Risk Committee has an annual calendar that includes regular detailed risk profile reviews. The Risk Committee reviews the Company's risk management framework annually to satisfy itself that it continues to be sound and that the entity is operating with due regard to the risk appetite set by the Board. This includes the Committee satisfying itself that the risk management framework deals adequately with emerging risks such as conduct risk, digital disruption, cyber security, privacy and data breaches, sustainability and climate change. The Risk Committee oversees the Company's insurance program, having regard to the Company's business and the associated insurable risks.

A review of the risk management framework was completed during the financial year and it found the framework to be sound. Management has reported to the Risk Committee and the Board that, as at 30 June 2021, the framework is sound.

Assurance

Origin's approach to managing risks and controls reflects the 'three lines of defence' model. The first line of defence comprises operational business managers that own and manage risks. The second line comprises the corporate functions and embedded risk, assurance and compliance teams that oversee/monitor/challenge risks. The third line comprises the Origin group internal audit function that assures compliance with policies and standards.

The internal audit function utilises both internal and external resources to provide an independent appraisal of the adequacy and effectiveness of the Company's risk management and internal control systems. The Internal Audit Team has direct access to the chairs of the Audit, Risk and HSE committees and management and has the right to seek information. A risk-based approach is used to develop the annual internal audit plan, aligning planned internal audit activities to the Company's key areas of risk. The internal audit plan is approved by the Audit and HSE committees annually and reviewed regularly for the effectiveness of its governance, risk management and internal control processes.

In addition to internal audit activities, first and second line assurance activities are undertaken across the business. These activities are reported to the relevant executive and, where appropriate, relevant Board committees.

CEO/CFO sign-off

Prior to approval of the Company's financial statements for each financial period, the Managing Director & CEO and the CFO give the Board a declaration that, in their opinion, the financial records have been properly maintained, that the financial statements complied with the accounting standards and gave a true and fair view, and that their opinion had been formed on the basis of a sound system of risk management and internal compliance and control, which was operating effectively.

External audit

The external auditors have direct access to the Chairman of the Audit Committee and meet separately with the Audit Committee without management present.

The Committee reviews the independence of the external auditor, including the nature and level of non-audit services provided, and reports its findings to the Board every six months.

Environmental, social and governance matters

Beyond the financial results, Origin is witnessing changes in community attitudes and increased focus on local and global environmental and social challenges. Origin recognises the importance of Environmental, social and governance (ESG) disclosures and transparent decision making to help investors assess both short-term and long-term risks and prospects for our business.

Origin assesses the environmental and social risks associated with projects and operations. Projects are developed with precautionary engineering and management measures in place to mitigate or manage key environmental and social risks, and operations are managed using policies and procedures to control remaining environmental and social risks. Environmental and social risk management is subject to periodic audits and assurance.

One source of environmental risk relates to climate change. As one of Australia's largest energy providers, we closely measure, manage and report on the greenhouse gas emissions associated with our operations. These emissions are governed by laws and regulations. Origin has set science-based medium-term emissions reduction targets and executive remuneration is linked to our short-term target. We see the transition to a net-zero economy as a key strategic priority for Origin.

Sustainability reporting

Origin is a supporter of the Financial Stability Board's Task Force on Climate-related Financial Disclosures (TCFD)

and commenced implementing the recommendations of the TCFD in FY2018. FY2021 disclosures aligned with the TCFD recommendations will be contained in the Sustainability Report and Climate Change Management Approach.

Sustainability reporting is guided by the Global Reporting Initiative and includes disclosures of material ESG aspects of the Company's business activities. Origin conducts a materiality assessment each year to determine the most important sustainability issues for our stakeholders and uses the findings to guide our sustainability reporting. Our activities also help to contribute to a number of the United Nation's Sustainable Development Goals and will be mapped against our reporting in our Sustainability Report.

Origin also discloses emissions according to the *National Greenhouse and Energy Reporting Act 2007 (Cth)*, as well as voluntary disclosure platforms such as the Carbon Disclosure Project. Origin regularly engages with and provides requested information to research firms. Origin continued to be included in the FSTE4Good Index and once again received MSCI ESG's AA rating during the period.

Further information on Origin's management and performance in the social and environmental aspects in operating its business, including further details on its emissions reduction targets and strategy, will be contained in the 2021 Sustainability Report and Climate Change Management Approach.

Customers

Customers are a central part of Origin's engagement, innovation and value creation. Origin continues to adapt processes, introduce new products and invest in technology to provide customers with greater choice, better value and an improved customer experience. Our 2021 Sustainability Report provides further information on Origin's interaction with its customers.

Stakeholder engagement

Origin's projects and operations necessitate interaction with a range of stakeholders including local communities, business partners, government, industry, media, suppliers and non-governmental organisations (NGOs). Origin has a program to support these stakeholder interactions and facilitate constructive relationships, including:

- dedicated community advisors to help facilitate and implement Origin's engagement with local communities and regular dialogue with the communities in which Origin operates;

- a government relations team that regularly interacts with policy makers to help develop sound and stable policy to ensure business certainty;
- a dedicated external affairs team with regular interaction with media and NGOs to create a better understanding of Origin's business; and
- contributions to the formulation of public policy, which we make through submissions to various inquiries.

We measure the Company's reputation (that is, how we are perceived by Australians, including shareholders) using the RepTrak® methodology. Origin's reputation performance and reputation risk issues are periodically reported to the Board.

In addition to stakeholder measurement through RepTrak®, Origin also engages external advisors to provide real-time monitoring of mainstream and social media to evaluate the external operating environment and ensure emerging risks, issues and shifting public and policy debates are identified and addressed accordingly. Quarterly quantitative and qualitative mainstream media analysis is undertaken to better understand external trends, sentiment and key public influencers.

These insights influence and inform Origin's external affairs and stakeholder engagement strategies, as well as customer-facing positioning and community engagement programs.

Further information on Origin's approach to stakeholder engagement can be found in the Sustainability Report.

Origin's approach to industry association memberships can also be found in the Sustainability Report and on its website.

Company Secretary

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

See notes 4 and 5 below for further instructions on how to complete this form.
