

Dear Supplier,

We were in touch earlier this year to let you know that our invoicing systems were changing in July 2021 to make payments simpler and faster.

Here's a quick recap of what we've shared with you to date:

- **April 2021:** We sent an awareness email with links to resources that highlighted the changes coming in July, and where to go for more information. View a copy of this email [here](#).
- **May 2021:** We sent a second email, which included information on changes to invoice requirements and Origin's Purchase Orders. You can view a copy of this email [here](#).

You can find out more about the changes to our invoicing system in the [FAQs](#) or on Origin's [website](#).

### What happens next?

We'll be in touch again after our new invoicing system goes live on 9 July.

### Any questions?

We're always here to help – just reach out to your Origin representative for more information about these changes, or the journey we've taken so far.

Regards,

A handwritten signature in blue ink that reads "Stuart Hatton".
