

# WHAT'S A GATE *mate,* MATE?

Never mind the bloke in the hat – the real star is the sign on the gate. We've nicknamed it a **GATE** *mate* because it's been designed with landholders to remove any confusion and help us to be better neighbours.

So, if you come to an open gate that should be closed (or vice versa) then be a mate... and if you're not sure, call the Landholder Relations Advisor or the Land Access Hotline.
